

Carbon Black World Data Book 2016

A Comprehensive Report on the Global Carbon Black Industry

Published in July 2016 & updated through May 2017

Overview: Notch Consulting's *Carbon Black World Data Book* is an essential resource for anyone involved in the carbon black industry. Published annually and updated quarterly, the report provides extensive proprietary data on carbon black capacity, capacity utilization, production, trade, demand, market share, and pricing.

The report includes three components:

- Annual Report
- Quarterly Update
- Monthly Price Report

Annual Report: The *Carbon Black World Data Book 2016* was published in July 2016. This 352-page report provides an up-to-date overview of the \$13 billion global market for carbon black, a reinforcing filler and pigment used mainly in the rubber, plastics, paint, and ink industries. The report provides detailed coverage for 26 leading countries, as well as demand for 16 smaller national markets. Historical data are provided for all years from 2005 through 2015, with forecasts for all years from 2016 through 2020, as well as 2025. Data provided for each country and region include carbon black capacity by company and plant, capacity utilization, production, imports, exports, demand, markets (passenger tires, truck/bus tires, other tires, non-tire rubber, and specialty applications) and grades (tread, carcass, and other), as well as market value and average pricing.

Quarterly Updates: The subscription includes three issues of the *Carbon Black Quarterly Update*, published in October 2016, and January 2017, and April 2017. The quarterly report updates global supply and demand, industry news, and capacity developments.

Monthly Pricing Updates: Finally, the subscription includes the *Carbon Black Price Report*, a monthly update of prices for major carbon black grades for the United States, the European Union, Brazil, and China. Subscribers to the 2016 report will receive monthly pricing updates through May 2017.
